

the bridge

CONNECTING HOME WITH HOPE

Directions

The Bridge Community Project is based at the Bridge Wellbeing Hub, 20 Shairps Business Park, Houston Road, Livingston EH54 5FD

Travelling

Our building is located near Screwfix and can easily be accessed from the M8 (Junction 3) and the A899 (Houston Interchange) There is parking onsite.

If you are travelling by bus we are on a few bus routes. All the buses below make a stop at the Bus Terminal at the Livingston Centre if you don't live near the route.

We are a 5 minute walk from the Fast link Knightsridge bus stop - numbers **16, 31, 902** and **X51** stop there (coming from Linlithgow or Uphall direction)

We are also around a 5 minute walk from the Park & Ride Knightsridge bus stop - numbers **X27** and **X28** stop there (coming from Bathgate)

The number **72** (between Fauldhouse, Winchburgh, Pumperherston, Uphall, Broxburn and Kirkliston) passes very near us. If you get off on Grange Road it is a 3-5 minute walk to the Wellbeing Hub.

www.travelinescotland.com/lts/#/timetables is a useful site for further information on the bus routes and times. One of our volunteers is available on a Wednesday to take phone calls with any bus travel queries so if you are stuck give her a phone on the office number 01506 238980

When you arrive

Once you get here we have parking spaces outside our building and a door entry system. Please press the buzzer and one of us will let you in. Then come right through the double doors on the ground floor to our waiting area.
